CHAPTER-I

1.0 SPORTS IN INDIA: AN INTRODUCTION

Sport is part of every man and woman's heritage. Since the dawn of civilization, people have strived to gain physical perfection and strength to protect and expand their interests as also to earn respect amongst their peers. Sports like archery, wrestling, javelin and discus throwing gained popularity and were institutionalized as annual events. Many of the present day Olympic disciplines are sophisticated versions of the games involving strength and speed that were common in ancient India and Greece.

The history of sports in India can be traced back to the Vedic era. We also find origins of the *Guru-Shishya parampara in mention of* the of ashrams, where renowned masters of the day taught their students martial skills but also engrained them with qualities required of a good human being and a leader. The high esteem in which these gurus were held, and the skills of Arjuna in archery, of Yudhishtir in Javelin throwing, and the strength of Bhima are now part of the Indian folklore.

In Villas Mani Manjri, Tiruvedacharya describes many of these games archery, chariot - racing, equitation and hammer - throwing. in detail. In *Manas Olhas* (1135 AD.), Someshwar writes at length about *bharashram* (weight - lifting), *bharamanshram* (walking), both of which are established Olympic disciplines at present. Sports activities in India have been mentioned in the writings of Chinese travellers Hieun Tsang and Fa Hien. Swimming, sword - fighting (fencing), running, wrestling and ball games were immensely popular among the students of Nalanda and Taxila. In the 16th century, a Portuguese ambassador who visited Krishnanagar was impressed by the range of sports activity, and the many sports venues, in the city. King Raja Krishnadev was himself an ace wrestler and horseman. It is widely believed that unarmed Buddhist monks traveling to unknown hostile areas learned Kerala's Kalari Payattu to defend themselves, and were responsible to spread this martial art form in the far East where it evolved into the modern forms of Kung Fu, Karate and Judo.

India has endeavored to keep alive its ancient sporting traditions through indigenous games and martial arts, which are displayed in their full glory at festivals and local fairs. In the twentieth century, India made a name for itself as a power to be reckoned with in the sports of Hockey. In recent years, cricket appears to have become the most popular sport in India. As per the Indian Constitution, sports is a State Subject. Availability of resources, priorities of development and interest in sports has differed from State to State, as a result of which no uniform development of sports could take place across the country. However, the Department of Sports (MYA&S) directly, and through its implementing arm, the Sports Authority of India, is working assiduously towards promoting modern competitive games and supplementing efforts of the States in development and promotion of sports and sports excellence. The objective is to cast a wider net to scout sports talent and nurture them to achieve excellence at national and international level. When Indian sports persons go abroad to participate in international events, they go there as ambassadors of brand India and representatives of a country on the move. It is imperative that our participants reflect the power, vibrancy and confidence of winners.

1.1 SPORTS AUTHORITY OF INDIA

The decision to host the IX ASIAN Games at Delhi gave a phenomenon boost to the development of sports in India. Besides building of new sports infrastructure in New Delhi, the Games themselves generated a lot of enthusiasm in general and the sports community in particular. The Games also exposed India to fresh ideas in the sphere of sports training, scientific support, sports management etc. In order to capitalize on this newly generated interest and momentum in sports, the Government of India established the Sports Authority of India (SAI) in 1984 as an Autonomous Body, which was set up as a Society registered under the Societies' Registration Act, 1860. In order to facilitate development of SAI as a robust sports promotion body, necessary knowledge and skills in the field of sports coaching and physical education were incorporated by amalgamating the erstwhile Society for National Institutes of Physical Education & Sports (SNIPES) consisting of Netaji Subhash National Institute for Sports (NSNIS), Patiala and its Centres along with two Lakshmbai National College of Physical Education (LNCPE) located at Gwalior and Thiruvananthapuram respectively, with SAI w.e.f. 1st May, 1987. The LNCPE, Gwalior was, however, delinked from SAI in September, 1995 on attaining the status of a "Deemed University". SAI, today, stands out as an apex body for promotion of sports and sports excellence in the country.

1.2 GENERAL BODY & GOVERNING BODY OF SAI

As per the Memorandum of Association and Rules of SAI, the General Body (Society) and the Governing Body of SAI are constituted by the Government of India. The General Body and Governing Body of SAI were re-constituted by Department of Sports, Ministry of Youth Affairs & Sports in 2010. Following re-constitution, the Hon'ble Minister of Youth Affairs & Sports heads the General Body of SAI as its President and heads the Governing Body of SAI as its Chairman.

The General Body of SAI has 36 members (excluding the President and Vice-President). Of the total, there are 12 Ex-Officio members. The term of the members (except Ex-Officio members) is for a period of three years from the date of his/her nomination. Composition of the re-constituted General Body of SAI is placed at **Annexure-I**.

The Governing Body of SAI has 25 members (excluding its chairman and Vice chairman). Of the total, thirteen are Ex-Officio members. The term of the members (except Ex-Officio members) is for a period of three years from the date of his/her nomination. Composition of the re-constituted Governing Body of SAI is placed at **Annexure-II**. During the period 2010-11, the Governing Body of SAI met on 06th August 2010. The meeting was chaired by Dr. M.S. Gill, Hon'ble Union Minister for Youth Affairs & Sports. Minutes of the 38th Meeting of the Governing Body are placed at **Annexure-III**.

CHAPTER II

2.0 SPORTS PROMOTIONAL SCHEMES OF SAI

The Sports Promotional Schemes of SAI were conceived and formulated during 7th Five Year Plan for development and promotion of sports at grass-root level in the country. The Operation Division of SAI is currently implementing the following Sports Promotional Schemes through its Regional Centres, Sub Centres and Academics Institutions:-

- National Sports Talent Contest (NSTC) Scheme
- Army Boys Sports Companies (ABSC) Scheme

- SAI Training Centre (STC) Scheme
- Special Areas Games (SAG) Scheme
- Centre of Excellence (COE) Scheme

2.1 Broad Objectives of SAI Sports Promotional Schemes

- To scout and groom talented sportspersons at sub-junior, junior and senior level to achieve excellence at national and international competitions.
- To scout talent from tribal, hilly and coastal areas and genetically gifted children and admit them under SAG scheme.
- To scout talent from old traditional games of India, which are akin to modern sports, and train them to achieve excellence in modern competitive sports.
- To provide scientific and technical guidance to both residential and non-residential trainees.
- To utilize well developed infrastructure and facilities at Regional Centres of SAI for training promising sportsperson from STC, SAG and COE schemes to enhance their skills for better performance at national and international level

2.2 Salient Features of the National Sports Talent Contest (NSTC) Scheme Objective

The NSTC Scheme was launched during 1985. The scheme envisages scouting of talented children in the age group of 8-14 years and scientifically grooms them into future medal hopes in various competitions at national and international level. The main concept of the scheme is to play & study in the same school. Schools having good sports infrastructure are adopted under the NSTC scheme. Selected trainees are admitted on non-residential basis. In exceptional cases, the trainees are also admitted on residential basis and provided boarding & lodging facilities.

Assistance

SAI provides services of qualified coaches to the adopted schools for imparting training to the selected trainees. Residential trainees are provided with boarding/lodging assistance @ Rs.75/- per day for 300 days a year. Non - residential trainees are provided a stipend of Rs.3000 per head per month (maximum of 10 months). Annually, trainees get sports kit assistance of Rs. 2000/- , Insurance cover premium of Rs. 150/-, competition exposure expense of Rs. 2000/-. The adopted school are provided a financial assistance of Rs. 20,000/- per annum for purchase of consumable sports equipment.

Selection Criteria

The selection of trainees under the above scheme is done on potential / performance basis. Medal winners in State/National level competitions are automatically admitted into the scheme subject to their being found medically fit. Medal winners at District level competitions or those having participation in State level competitions are admitted subject to their being found medically and physically fit. Selection from remote, tribal & coastal areas is done by organizing competitions. Selection for team games as well as individual events is carried out by a Selection Committee consisting of representatives of SAI, School/Akhara, SAI Coaches, Sports Scientists etc. The sports persons identified on the above mentioned criterion are offered admission after age verification, medical examination and being assessed by battery of tests for potential.

Disciplines covered under NSTC

Archery, Athletics, Badminton, Basketball, Football, Gymnastics, Hockey, Kabaddi, Kho-Kho, Swimming, Table Tennis, Volleyball, Wrestling & Indigenous Games & Martial Arts.

Status

During the year 2010-2011, there were 22 regular adopted schools with a total of 811 trainees (637 Boys & 174 Girls). Details of Regular adopted schools and trainees under the NSTC scheme are placed at **Annexure-V**.

2.2 (a) NSTC Extension Centres at Jawahar Navodaya Vidyalayas (JNVs)

Keeping in view the need to promote sports in remote and rural areas, and to provide equal opportunities for village children, the Governing Body in its 27th meeting held on 9th July, 2001 approved the proposal for extending the NSTC Scheme to Navodaya Vidyalayas having the requisite infrastructure. Established in association with the Navodaya Vidyalaya Samiti, these schools also act as feeder centres for SAI STC and SAG Centres.

Assistance

Under the Scheme, trainees are provided a stipend of Rs.3000/- per head per month (maximum of 10 months), sports kit assistance of Rs. 1500/- , insurance cover premium of Rs. 150/- and competition exposure expense of Rs. 1500/- per annum. The adopted JNVs are provided a financial assistance of Rs. 20,000/- per annum for purchase of consumable sports equipment.

Status

In compliance with the directions of Governing Body in its meeting held on 24th July, 2009, 33 Jawahar Navodaya Vidyalayas have been de-adopted. 2.6 Extension Centres of STC/SAG Centres to cover schools/colleges for wider coverage

The basic concept of the scheme is to develop sports standard in schools and colleges which encourage specific sports and have shown commendable results. The trainees in the age group of 14-21 years are adopted under the STC/SAG Extension Centres scheme.

Selection criterion for Institutions

Schools and colleges actively involved in sports and having adequate sports infrastructure are eligible under this scheme. The institution should have a past history of producing national and international sports persons. The schools and colleges should also be ready to comply with norms laid down by SAI from time to time.

Selection criterion for Trainees & Age Group

Under this scheme, a maximum of 20 trainees in the age group of 14 to 21 years can be inducted in a School/College. Students of nearby schools/colleges can also be admitted in these extension centres. The selection of trainees is done by a duly constituted committee comprising of (i) The Regional Director of SAI or his representative (ii) The Head of the Institution or his representative (iii) Experts/Coaches in the concerned disciplines from the institution and (iv) Outstanding sports persons of the area. The recommendations of the Selection Committee are sent to SAI H.O. for final approval. Age can be relaxed in exceptional cases, only after recommendation of the selection committee and approval of SAI H.O.

Monitoring

These are monitored by the nearest STC/SAG and the Regional Centre. The power to sanction STC & SAG Extension Centres rests with the Director General SAI.

Facilities Provided

SAI provides services of its trained coaches to the Schools/Colleges on requirement basis. In addition, these institutions/extension centres get an annual maintenance grant up to Rs.1.00 lac per centre per annum for 20 players. Other facilities provided by SAI are as follows:

Sl. No.	Particulars	Amount (Rupees)

CHAPTER-VI

6.0 EQUIPMENT SUPPORT (ES)

Under the Scheme of Central Pool of Technical Sports Equipment, the requisite imported as well as indigenous sports equipment are being procured by SAI and supplied to SAI Regional Centres/Sub Centres/Academic Institutes to facilitate training and hone the skills of regular trainees of Sports Promotional Schemes of SAI, and for conducting National Coaching Camps to prepare Indian teams to represent the country in international competitions. Equipment Support Division also provides non-consumable Sports equipment to the National Sports Federations for holding National/International competitions.

6.1 Central Pool of Technical Sports Equipment Scheme

(a) The objective of the Central Pool of Technical Sports Equipment Scheme being implemented by the ES Division is to provide sports equipment to SAI Regional Centres to bring excellence in training of the regular trainees of Centre of Excellence Scheme, for conducting National Coaching Camps, and to provide non-consumable equipment to the National Federations for holding National/International Competitions. The Scheme also covers maintenance of imported equipment.

(b) SAI, on behalf of MYAS, and in collaboration with the concerned National Sports Federations/Sports Associations is engaged in training of national teams in various disciplines for participation in mega international events like Commonwealth Games, Asian Games and Olympic Games etc. The requisite sports equipment (indigenous as well as imported) for the National Campers is being procured by the ES Division after receipt of proposals from the TEAMS Division.

(c) The following important activities were carried out by the ES Division during the year:-

(i) Streamlining the procedure vis-à-vis procurement of equipment for the Commonwealth Games - 2010 and the Asian Games – 2010:

- The Ministry of Youth Affairs & Sports has specially designed a scheme to cater to the requirement of a core group of elite athletes who will be medal prospects for Commonwealth Games, 2010. The 'Scheme for Preparation of Indian Team for Commonwealth Games – 2010'

brought out by the Ministry of Youth Affairs & Sports on 30.09.2009 inter-alia states in Para 11.7 that "For the equipments proposed to be purchased from the indigenous suppliers, these should be from the suppliers who are on DG, S&D or SAI rate contract. For proprietary and preferred equipment, SAI shall constitute procurement committees of technical and financial experts to scrutinize the tenders/quotations to assess their reasonableness and negotiate the prices. In all cases of procurement or hiring of equipment, SAI shall follow the prescribed procedures and financial delegations as per its Memorandum of Association and Financial Bye-laws".

- Since the procurement of equipment in SAI for the last couple of years had virtually come to a standstill, efforts were made to streamline the purchase procedure by standardizing the tendering process, as per rules/directions of the Finance committee, Governing Body, MYAS. The Governing Body, SAI in its 37th Meeting held on 24th July, 2010 while approving the proposal of SAI for procurement of sports equipment, directed that SAI may go ahead for procuring the requisite branded equipment after following proper procedure. This resulted in procurement of sports equipment for core probables for the Commonwealth Games and Asian Games, 2010 as quantified by the National Sports Federations after assessing the requirement discipline wise, keeping in view the requirement of the selected probables.
- For all the 17 disciplines that constituted the CWG – 2010, such committees identified the equipment to be procured so that training to the medal prospects could be imparted in a proper manner. The recommendations of the committees were assessed discipline wise before proceeding further for procurement of the requisite sports equipment. Accordingly, the core probables for CWG – 2010 and the Asian Games – 2010 were provided the requisite sports equipment (branded/proprietary items) based on the recommendations of the designated Committee comprising National Coach, Government Observer and representative of the Federation besides a representative of SAI.
- The Sports Science equipment for strengthening the Sports Science set up at the Regional Centres/Venues of training were also procured by the ES Division.

(ii) Procurement of equipment by the Regional Heads as per delegated powers

- Since there was no rate contract for procurement of sports equipment during the year, Executive Director (Operations), SAI, was nominated as a nodal officer for procurement of sports equipment by the Regional Centres/Sub-Centres/ Academic Institutions as per their delegated powers in terms of Office Order No. 510/2009, dated 25th September, 2009 issued by the Personnel Division. Proposals of equipment procurement of value beyond their delegated powers were required to be sent to the ES Division. Accordingly, the funds were allocated to the Heads of the Regional Centres/Sub-Centres/Academic Institutions, keeping in view the number of trainees under their charge in different Sports Promotional Schemes of SAI.

6.2 The details of equipment including Scientific Equipment procured during the year for the Commonwealth Games, Asian Games are placed at **Annexure-XXIII.**
